

V9WF

Technical Specifications

Product Description

The V9 unit is a corner mounted power system, featuring 2x Power Outlets and 2x USB Charging Outlets (USB-A). The V9 fits snug into 90-degree corners, or on flat surfaces.

Installation: The V9 has two faceplates at either end that are removable using a flathead screwdriver. Under the faceplates are mounting holes that allow the unit to be directly screwed into any surface.

Features

- ✓ 10w USB-A Charging
- ✓ 1.8m Cable with **AU Fitted Plug**

- ✓ 2x Power Sockets, 2x USB-A
- ✓ Easy Screw Installation

Frequently Asked Questions

FAQs

Q. Can this model be installed in the upside-down or sideways position?

Yes, this model can be installed in any orientation

Q. What happens if I have an issue with my product after the warranty period?

A. We've designed and tested these units for use over many years withstanding in a normal environment. If your product does develop an issue outside of the warranty period, we do provide an affordable repair or replacement service.

Q. Do you provide an after sales-service, and how do I contact you?

A. Yes, we provide an after-sales service. You can contact us via phone – through our 'request a call back' feature, where you give us your name and phone number, and we ring you back as soon as possible.

Q. Do I need a licensed electrician to install this product?

A. No, no electrical work is needed to install this product. We have designed the unit with a standard AU-fitted plug, allowing you to plug the unit into any other power socket – below your installation surface.

Q. What is the process in making a warranty claim if I have an issue with my product?

A. If your product malfunctions within the warranty period, we will repair or replace it free of charge. We keep digital records matched with product serial numbers for every order, so you do not need to worry about keeping your receipt.
